History has shown that no matter the form of government; whether it be Communism, Monarchy or Democracy, Unless there is a balance of power between the ruling elite and the common people, that form will eventually collapse! The Chinese Democrats and Communists both have inherited the 2000 year old culture of Chinese dynasties, which, have given birth to both forms of their respective forms of governments. To move forward the 2 elites and 2 common peoples must create a 4 way mutual beneficial relationship. Even if the Communism go to war and win they will not be able to extinguish the flame of freedom. Unless the Communism are prepared to commit genocide against the Chinese Democrats, the forced of arms question is off the table. Only a 4 way balanced, mutually beneficial relationship between the 4 parties will avoid total nuclear war. North & South Korea have the same problem. If lasting peace is to be had then unity must be created from their opposition, harmony must come from their conflict, and there can be no cheating on the commitments to this 4 way mutual beneficial relationship.
